EASTERN GROUP

— Where Global Supply Meets Strategic Excellence —

A MESSAGE FROM THE CHAIRMAN & CEO

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

In the name of ALLAH, the Most Gracious, the Most Merciful

BUILT ON PURPOSE DRIVEN BY VALUES

When I founded Eastern Group, my conviction was never merely commercial. It was a belief that businesses built on transparency, powered by expertise, and guided by a genuine commitment to long-term value are the ones that endure and leave a meaningful mark

FOUR DECADES OF GLOBAL EXPERIENCE

Across shipping lines in Asia and Europe, commodity markets from the Gulf to North America, and the frontier of pharmaceutical biochemistry through pioneering supply of research-grade scorpion venom—each chapter has reinforced the same truth: markets respect credibility, clients reward consistency, and the greatest opportunities lie where quality meets courage

AN EVOLVED & INTEGRATED GROUP

Today, Eastern Group represents a deliberate and purposeful evolution. We have transitioned from a group of independent trading companies into a properly structured entity governed by shared values, unified strategy, and complementary capabilities

ONE ECOSYSTEM FOUR VERTICALS ENDLESS POSSIBILITIES

Our four operating verticals—Pharmaceutical Raw Material Supply, Energy Commodity Trading, Medicinal Chemical Distribution, and General Trading—form an integrated commercial ecosystem. Together, they strengthen one another through shared governance, common compliance infrastructure, and an unwavering commitment to quality

TOGETHER WE BUILD WHAT LASTS

To our clients and partners: you are the reason we push higher. To our team: your dedication turns strategy into reality. And to those engaging with us for the first time: welcome to Eastern Group. We are here for the long term, and we look forward to building something exceptional together

Dr. Adnan Akhtar

Chairman & CEO | Eastern Group

EASTERN GROUP

Eastern Group is the parent entity of a UAE-based, internationally active multi-sector trading conglomerate. Established to provide unified governance, strategic direction, and shared commercial infrastructure across its portfolio of operating subsidiaries.

Headquartered in Dubai, United Arab Emirates, Eastern Group masters four distinct yet strategically aligned **operating entities**, spanning pharmaceutical raw material supply, energy commodity trading, medicinal chemical distribution, and general trading. Each subsidiary operates within its own licensed jurisdiction, with its own regulatory compliance framework, while benefiting from the group's shared management expertise, quality standards, strategic partnerships, and global networks.

The Group structure was created deliberately not simply to consolidate existing businesses, but to create a platform for disciplined growth. By establishing clear governance at the group level, **Eastern Group** enables each subsidiary to pursue sector-specific excellence while the group as a whole leverages cross-business synergies, combined credibility, and coordinated market positioning.

We connect global markets through integrated supply chain solutions built on trust, compliance, and performance.

GLOBAL REACH. INTEGRATED SOLUTIONS. LASTING VALUE.

VISION, MISSION & VALUES

OUR VISION

To build a globally respected trading institution rooted in trust, compliance, innovation and excellence, bridging industries, markets, and communities to create sustainable value across generations.

OUR MISSION

To enable responsible global trade by connecting markets with integrity, delivering quality with precision, and building partnerships that create lasting value.

OUR CORE VALUES

INTEGRITY

We do not compromise. Honesty, transparency, and ethical conduct define every interaction with clients, partners, regulators, and each other.

EXCELLENCE

We set benchmarks not baselines. Every product, document, and transaction is held to the highest standard we are capable of delivering.

INNOVATION

We enter markets others consider niche, complex, or demanding and we build the infrastructure to serve them with precision.

CLIENT-CENTRICITY

We deeply study our clients' requirements before proposing. Our goal is not to sell a product but to render solutions with par excellence and perfection to clients demand and complete satisfaction.

TEAMWORK & COLLABORATION

Our subsidiaries, JV partners, and associates are not vendors they are collaborators. We invest in these relationships because shared success is the only success that endures.

COMMUNITY & RESPONSIBILITY

We conduct business in a way that generates positive outcomes for the communities we operate in through ethical employment, compliant trade, and sustainable practices.

CORE STRENGTHS

WHY CHOOSE EASTERN GROUP

Built on trust. Driven by expertise. Committed to your long-term success.

01 LONG-TERM PARTNERSHIP PHILOSOPHY

We build relationships for decades, not for transactions. Our engagement model is designed around sustained client success from first inquiry through ongoing supply, advisory, and commercial growth.

02 MULTI-SECTOR, SINGLE-GROUP CONVENIENCE

Pharma raw materials, energy commodities, medicinal chemicals, and general trading all sourced from one fully licensed, professionally governed group. Eliminate fragmented supplier relationships.

03 INDEPENDENTLY ACCREDITED QUALITY

Every pharmaceutical and bioactive product is backed by reports from ISO/IEC 17025:2017-accredited and government-institute testing facilities. No quality compromise, ever.

04 FULLY LICENSED, FULLY COMPLIANT

Three simultaneous active licences across Meydan FZ (Dubai), RAKEZ (RAK), and SECP (Pakistan). We operate in the regulatory open transparent, auditable, and institutionally credible.

05 COMPETITIVE & TRANSPARENT PRICING

Clear, market-aligned pricing with no concealed fees. We structure deals that are fair, sustainable, and built for repeat business not one-off margins.

06 NICHE EXPERTISE OTHERS CANNOT MATCH

From scorpion venom COA-backed supply to MT199/BCL energy trade execution, our expertise covers market segments that most trading companies are simply not equipped to serve.

GROUP LEADERSHIP

DR. ADNAN AKHTAR

CHAIRMAN & CEO

EASTERN GROUP

Dr. Adnan Akhtar is a seasoned international business leader with over 35 years of executive experience spanning international shipping, oil and gas, pharmaceutical supply, and global commodity trading. A founding member of the Karachi Chamber of Commerce and Industry, Dr. Akhtar has built and led operations across the **UAE, Hong Kong, Taiwan, Singapore, the United Kingdom, Germany, and Rotterdam** establishing himself as a globally respected authority on cross-border trade, energy logistics, and commercial deal structuring.

Since 1986, Dr. Akhtar has navigated the full spectrum of global energy markets from tanker operations and upstream crude oil sourcing to refined petroleum distribution and logistics optimisation. His transition into pharmaceutical raw materials, and specifically the pioneering commercial supply of research-grade scorpion venom under internationally accredited quality frameworks, reflects a signature leadership quality: the confidence to identify high-value, underserved market niches and the discipline to build the institutional infrastructure to serve them with credibility and precision.

Under his leadership, Eastern Group has evolved from a focused trading operation into a structured, multi-entity Holdings group with four operating companies, three licensing jurisdictions, an accredited quality affiliate, and a growing international JV partner network. Dr. Akhtar continues to lead all group entities, shaping corporate strategy, senior client relationships, international partnership development, and the group's ongoing geographic expansion.

His expertise in risk management, regulatory compliance across multiple jurisdictions, and institutional trade negotiation combined with an enduring personal commitment to ethical business conduct makes him the defining force behind Eastern Group Holdings' reputation, growth, and long-term ambition.
